RECEIVED

To The Regulatory Commission ^{2012 JAN 18 P 3:01}

I am writing for those ^{POSTAL REGULATORY COMMISSION}
Post Office in Santa Fe, Mo.
(Monroe County).

If you ever lived in a small community, you will understand what I am writing about. The post office is the heart of our community. We get the information on death, births, sickness, accident & etc. from our post office.

When it is too bad in the winter, our Postmaster brings our mail to our house. We don't have any other business in our town.

Our post office is only open 4 hours a day. I can't see how that will save you very much. I think you could save money some other way.

As far as I know, we are the only Post Office in Monroe County that is ~~Closing~~ Closing.

I hope you will let us have our Post office open here in Santa Fe, Mo.

Yours,
Valena Booth, 25634 R.D. Santa Fe, Mo
